PROFESSIONAL EXPERIENCE

IT Support Associate — SC Printing International (Pvt) Ltd *Apr 2026 – Oct 2026*

- Provided Level 1 (L1) and Level 2 (L2) IT support to internal users, resolving hardware, software, and connectivity issues.
- Carried out network troubleshooting and managed WLAN and LAN connectivity throughout the organisation.
- Configured Fortinet VPN and set up RDP connections for remote access to systems.
- Managed and maintained NAS drives used for organisational data storage.
- Managed Kaspersky Endpoint Security, including endpoint management and security policy creation.
- Administered Microsoft Windows Server 2012 R2 environments.
- Managed Zimbra mail and configured and supported Outlook mail accounts using POP3.
- Performed ERP server backups using Acronis backup software.

IT Executive — Aviyana Pvt Limited *Mar 2025 – Feb 2026*

- Managed Microsoft Azure Active Directory, including user account creation, role assignment, and password resets.
- Handled full user account lifecycle management (creation, modification, deactivation) to ensure secure system access.
- Created and configured Zoho Mail accounts, including email setup, domain configuration, and user mailbox management.
- Performed email account mapping and configuration across user devices, including Outlook and mobile devices.
- Assisted with IT infrastructure management, providing system and network support to internal staff.
- Maintained accurate IT documentation and user records to support smooth daily operations.
- Managed endpoint security through Kaspersky Endpoint Security Management.

Information Technology Intern — LB Finance PLC *Jul 2024 – Dec 2024*

- Installed, configured, and maintained hardware, operating systems, and software across the organization.
- Monitored and supported LAN/WAN connectivity, IP addressing, and basic network troubleshooting.
- Provided end-user support at head office and branch locations, resolving technical issues to minimize downtime.
- Set up new user accounts and configured workstations to enable smooth employee onboarding.
- Resolved IT help desk queries and coordinated remote support to maintain user satisfaction.
- Maintained IT asset registers and consumable logs, keeping inventory records up to date.

PROJECTS

Personal Portfolio Website — HTML, CSS, JavaScript *GitHub: My-Portfolio*

- Designed and built a responsive personal portfolio website using HTML, CSS, and JavaScript, with an About section and a downloadable CV.
- Managed the source code with Git and GitHub version control.

Public Perception of AI Healthcare Chatbots in Sri Lanka — HND Research Project *GitHub: ai-healthcare-chatbots-sri-lanka*

- Designed a survey-based study grounded in the Technology Acceptance Model (TAM) to examine how adults aged 18–35 in Sri Lanka perceive AI healthcare chatbots.
- Produced the full research deliverables: proposal, survey questionnaire, Gantt chart and work breakdown structure, and a complete project report, with ethics addressed under Sri Lanka's Personal Data Protection Act No. 9 of 2022.
